

Datasheet

Portable ANPR

Key Benefits:

- Read license plates from 7-20m/20-65ft.
- Small footprint.
- Proven for tough weather conditions.
- Purpose-tuned for license plate recognition.
- SRL Solar Plus® improves system battery life.
- 4G connectivity using multi network roaming SIM (EE, 3, O2 & VODA).
- 3.5m retractable mast.
- Configurable alerts for analytics triggers.
- Can be integrated with other products including barriers.
- Can record Number Plate information (as a spreadsheet) or act on a White List.

Functionality at a glance:

- Rapid deployment and one-button operation.
- Improved site security.
- Improved health and safety on site.
- Zipstream technology reduces data cost and bandwidth by 50%.
- Site incidents captured and stored for 30 days for auditing purposes.
- Zero carbon emissions omitted from product during operation.
- Reduction in carbon emissions due to fewer battery exchanges.

PHYSICAL APPEARANCE			
Transport Height	2300mm		
Deployed Height	Up to 3500mm		
Box Dimensions	825mm (H) x 575mm (W) x 920mm (D)		
Overall Dimensions	6500mm (H) x 700mm (W) x 965mm (D)		
Footprint (legs)	1170mm (W) x 1310mm (D)		
Weight	118kg (ex. battery)	316kg (inc. battery)	324kg (SolarPLUS)
Deployment	Manual lifting aid required		
Vandal Rating	IK10		
IP Rating	IP66		
Security	Four integrated bullet locks and tracker fitted with motion alarm & battery alerts		

POWER	
Battery Type	AGM
Run Time	30 Days (with optional SRL Solar PLUS)
Battery Capacity	100 mAh
No. of Batteries	6
Charge Time	8 hours
SRL Solar PLUS Compatible	Yes
Operating Voltage	12v
Operating Power	19w
Operating Temperature	-40°C / + 50°C

COMMUNICATION	
Connectivity	4G roaming multi-network SIM via integrated router (EE, 3, O2 & VODA)
Authentication	Multi-level encrypted communication
SRL Telematics	Yes

The ANPR camera can't be used to record speeding vehicles or to display registration numbers on VMS.
